EXPERIENCE

iOS Engineer - 2017 - Present
Lloyds Banking Group Plc - www.lloydsbankinggroup.com
London

Started working on re-platforming the retail banking apps of the Group. Lead the refactoring of the payments feature of the apps by establishing a new architecture based on modern principles and latest features of Swift and the iOS SDK. Added extensive unit and UI test coverage. Recently worked on the commercial banking apps and new payment features.

iOS Engineer - 2017
Trim Ventures Ltd - www.mojo.london
London

I have built four apps for an online barbershop booking platform called Mojo. I was the sole iOS developer and was also responsible for the UI/UX of the apps. I have gained some experience as a product manager as well in creating new features from the founders' ideas and translating them to the backend team. All apps were written in Swift using the latest technologies. I have also created an iOS framework to provide the shared functionalities of the four apps.

Junior iOS Developer - 2016 - 2017
VINAYA Technologies Ltd - www.vinaya.com
London

Developing a new app in Swift for the release of VINAYA's new product ALTRUIS X.

The VINAYA app offers curated content, tools, and data-driven insights that inspire a more mindful life. The app is designed to pair with a Bluetooth-enabled VINAYA smart accessory to bring you advanced personalised insights and help you stay connected, not distracted.
